

**IRWA Chapter 42 Membership Meeting, Togos Lunch & Tour of
Lake Silveira**

Llagas Creek Flood Protection Project

Wednesday, April 2nd 11:30-1:30

Morgan Hill, CA 95037

RSVP to Rosanne Carter at rcarter@valleywater.org

or 408-630-2321

\$25/person cash or check payable to IRWA Chapter No. 42

Lake Silveira was constructed in Phase 1 and is the Project's compensatory mitigation for impacts incurred to waters of the US for construction of the flood control project. Constructed features include an inlet, an outlet, stream gauges for monitoring, turtle basking sites, and large woody complexes for fish and wildlife.

Join us for a tour:

- For safety purposes, sturdy **closed-toe shoes are required** as this is an outdoor walking tour.
- High heels and sandals are not permitted.
- Please check the weather and dress appropriately for an outdoor setting. Light rain will **not** cancel the walking tour.
- Please **Carpool** with us, as parking is extremely limited. Two vans have been reserved. Meet at Valley Water Administration Bldg. at 11am, 5750 Almaden Blvd., San Jose, CA 95118
